Appearance	-	IMPCA 003	-	-	CFSM
Total Sulfur	ppm	D5453	-	-	< 0.5
Acetone & Aldehydes	Wt.%	E346	-	0.003	< 0.003

Date: 09/06/2022

Supplier: CellMark

Shelf-Life Statement:

The shelf life is dependant on many variables, including container type, storage temperature, atmospheric breathing etc. Because of the effect of these variables, it is difficult to make a firm prediction of shelf life. However, based on our observations over many years, A.G. Layne certifies the shelf life for 1 year from the time of delivery to the customer, if stored inside, in a cool dry climate-controlled storage facility maintained between 40°F and 85°F. Product must be stored on pallets or off the ground. ANY WARRANTY RELATED TO THIS MATERIAL IS STRICKLY LIMITED TO THE REPLACEMENT VALUE OF THE SOLVENT ONLY.
